

# Phonics Game

Roll a die or choose a number between 1 and 6. Put your finger, a tiny toy or one of the cut-out counters on the start and move it across the board, following the dotted lines (space map!). Say the sound that you land on out loud (adults, see small text for reference word! I know I need them sometimes when I'm on the spot!).

Can you make it all the way back to Earth?

Play again: Say the sound out loud and now say a word associated with the sound.

Can you do an action to go with the word?

HAVE FUN!

COUNTERS:

Draw yourself as an astronaut.

OUT OF THIS WORLD PHONICS!

START

FINISH!

Can you get your rocket all the way back to Earth?

Well done! You've landed back on Earth!

OUT OF THIS WORLD PHONICS!

START

FINISH!

Can you get your rocket all the way back to Earth?

Well done! You've landed back on Earth!

Can you draw a picture of yourself  
as an astronaut in space?
